Ord.-no: 790430

Quality & properties

Removes easily dust, dirt, fat, nicotine and insects
Dries quickly
Pleasant smell
Very effective
Water-based

Physical & chemical data

Base: Tenside solution
Colourname: white
Minimum Working Temperature: 5 °C
Maximum Working Temperature: 30 °C
Flash point: n.a.
Storage stability: 10 y
Content: 500 ML

How to use

Bring the can to room temperature.
Operating temperature 5° to 30°C.
Shake can before use.
Spray the area to be treated evenly from a distance of approx. 20 cm.
Check upholstery and carpets for color fastness in an inconspicuous place before cleaning. Work in the foam with a brush or sponge, leave to soak in and, after drying, vacuum or rub off with a dry cloth.
Spray on the foam in the case of paint or plastic and let it work for a short time. Rub and polish with a dry cloth.
If heavily soiled, repeat the procedure.

Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

Marking/Labelling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

As of May 7, 2025 – This release replaces all eventually earlier issued versions.
