

presto Tar- & Resin-Remover

Technical Information

presto Tar & Resin-Remover enables you to effortlessly remove tar, bitumen and similar organic dirt from body parts. Underbody protection, wax and leaked cavity preservation are also removed quickly and safely. Can also be used in places that are difficult to access.

Ord.-no: 306215, 429934

Quality & properties

- Removes organic dirt
- Protects the paint
- Leaves no stains
- Non corrosive

Physical & chemical data

- Base: Special resin
- Colourname: transparent
- Surfaces: body parts
- Minimum Working Temperature: 5 °C
- Maximum Working Temperature: 30 °C
- Flash point: n.a.
- Storage stability: 10 y
- Content:
 - 400 ML
 - 150 ML

How to use

- Bring the can to room temperature.
- Operating temperature 5° to 30°C.
- Shake can before use.
- Apply tar remover to the area to be treated and let it work for a short time.
- Dissolved dirt can be easily removed with a clean, soft cloth.
- Do not use on hot paints and on freshly painted surfaces.
- Unsuited for longer use on one-component coatings.

Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

Marking/Labelling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

As of May 7, 2025 – This release replaces all eventually earlier issued versions.
