

presto Dust Remover non-flammable

Technical Information

Highly effective tool for removing dust and loose dirt. The presto Dust Remover is non-flammable and leaves no residue.

For use on: Electronic parts and instruments, printed circuit boards, smartphones, etc.

Ord.-no: 505508

Quality & properties

Non-flammable
Strong, directional spray
Leaves no residue
Very effective
Inodorous

Physical & chemical data

Base: Special combination
Colourname: transparent
Minimum Working Temperature: 5 °C
Maximum Working Temperature: 30 °C
Flash point: n.a.
Storage stability: 10 y
Content: 250 ML

How to use

Bring the can to room temperature.
Operating temperature 5° to 30°C.
During treatment keep the can vertical.
Shortly press the spray head several times.
When the pressure falls interrupt the application, so that the pressure can build again.

Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

Marking/Labelling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

As of May 7, 2025 – This release replaces all eventually earlier issued versions.
